1 Specification Details

Trade Sections: Plumbing
Description:
Keywords: Plumbing, Rheem Commercial Gas Continuous Flow Water Heating Systems, califont, califionts, wall mounted water heaters, gas water heaters

2 Clauses

2.1 Scope

Help Note:
Select the appropriate Rheem Commercial Gas Continuous Flow Water Heating System.

Rheem 'Multipak', 'Commpak' and 'Commpak Plus' heating system components are pre-plumbed and factory-assembled on either a wall-mounted or a floor-mounted installation frame.

For technical information on products to attach to this project, please visit https://productspec.co.nz/en/supplier/rheem

2.1.1 Rheem 'Tankpak' CFWH System

Supply, install and commission the selected Rheem 'Tankpak' Continuous Flow Water Heating System to the locations shown on the drawings, complete with all necessary fittings and accessories for proper installation and functionality. All aspects of this work shall be in strict accordance with Rheem technical literature and installation requirements (check www.rheem.co.nz, or call 0800 657 336 for the latest editions), other relevant product manufacturers' recommendations, with all relevant Standards, Regulations and Acts, and as shown on the drawings.

No substitutions are permitted for Rheem 'Tankpak' Continuous Flow Water Heating Systems.

2.1.2 Rheem 'Multipak' CFWH System

Supply and install the selected Rheem 'Multipak' Continuous Flow Water Heating System to the locations shown on the drawings, complete with all necessary fittings and accessories for proper installation and functionality. All aspects of this work shall be in strict accordance with Rheem technical literature and installation requirements (check www.rheem.co.nz, or call 0800 657 336 for the latest editions), other relevant product manufacturers' recommendations, with all relevant Standards, Regulations and Acts, and as shown on the drawings.

No substitutions are permitted for Rheem 'Multipak' Continuous Flow Water Heating Systems.

2.1.3 Rheem ' Commpak' CFWH System

Supply and install the selected Rheem 'Commpak' Continuous Flow Water Heating System to the locations shown on the drawings, complete with all necessary fittings and accessories for proper installation and functionality. All aspects of this work shall be in strict accordance with Rheem

technical literature and installation requirements (check www.rheem.co.nz, or call 0800 657 336 for the latest editions), other relevant product manufacturers' recommendations, with all relevant Standards, Regulations and Acts, and as shown on the drawings.

No substitutions are permitted for Rheem 'Commpak' Continuous Flow Water Heating Systems.

2.1.4 Rheem 'Commpak Plus' CFWH System

Supply and install the selected Rheem 'Commpak Plus' Continuous Flow Water Heating System to the locations shown on the drawings, complete with all necessary fittings and accessories for proper installation and functionality. All aspects of this work shall be in strict accordance with Rheem technical literature and installation requirements (check www.rheem.co.nz, or call 0800 657 336 for the latest editions), other relevant product manufacturers' recommendations, with all relevant Standards, Regulations and Acts, and as shown on the drawings.

No substitutions are permitted for Rheem 'Commpak Plus' Continuous Flow Water Heating Systems.

2.2 Installation Environment

Help Note:
Select the appropriate installation environment.

2.2.1 Indoor Installation - 'Tankpak' CFWH System

The selected Rheem 'Tankpak' CFWH System shall be installed in an indoor location as shown on the drawings and have 'Tankpak' Indoor Model CFWH Units installed.

2.2.2 Outdoor Installation - 'Tankpak' CFWH System

The selected Rheem 'Tankpak' CFWH System shall be installed in an outdoor location as shown on the drawings and have 'Tankpak' Outdoor Model CFWH Units installed.

2.2.3 Indoor Installation - 'Multipak' CFWH System

The selected Rheem 'Multipak' CFWH System shall be installed in an indoor location as shown on the drawings and have 'Multipak' Indoor Model CFWH Units installed.

2.2.4 Outdoor Installation - 'Multipak' CFWH System

The selected Rheem 'Multipak' CFWH System shall be installed in an outdoor location as shown on the drawings and have 'Multipak' Outdoor Model CFWH Units installed.

2.2.5 Indoor Installation - 'Commpak' CFWH System

The selected Rheem 'Commpak' CFWH System shall be installed in an indoor location as shown on the drawings and have 'Commpak' Indoor Model CFWH Units installed.

2.2.6 Outdoor Installation - 'Commpak' CFWH System

The selected Rheem 'Commpak' CFWH System shall be installed in an outdoor location as shown on the drawings and have 'Commpak' Outdoor Model CFWH Units installed.
