2 Clauses

2.1 Scope

Help Note:
This specification covers the supply and installation of the Pro-Jack Tile System as a component of a raised floor with floating tiles.

The Pro-Jack Tile System is a pedestal support system for indoor and outdoor raised floors; is fully height adjustable (min 35mm - max 500mm); is available with a self-levelling head or a fixed head; and can be used in conjunction with structural tiles and natural stone/concrete pavers.

If in doubt about any aspect of your specification contact Tile Warehouse on 0800 289 845.

For technical information on products to attach to this project, please visit https://productspec.co.nz/en/supplier/tile warehouse

2.1.1 Scope

Supply and install the Pro-Jack Tile System from Tile Warehouse, as specified herein, as a component of the Tiling installation raised floor, to the location, layout and details shown on the design drawings, complete with all associated components and accessories required for proper installation and performance of the raised floor. All aspects of this work shall be in complete accordance with the manufacturer's technical literature and installation requirements (check www.tilewarehouse.co.nz, or call 0800 289 845 for the latest editions), and other relevant product manufacturers' recommendations.

No substitutions are permitted for the Pro-Jack Tile System.

This specification should be read in conjunction with all Tiling and other relevant specification sections as they are inter-related.

SMARTSPEC

2.1.2 Extent of Work

The following is a list and/or general description of the extent of the Pro-Jack Tile System raised floor works, which are more specifically defined in the contract documents, required for the completion of the contract works:

2.2 Requirements

Help Note:
Clause options listed below are optional - as applicable, select only those options according to project requirements and Tiling specification content.

If in doubt about any aspect of your specification contact Tile Warehouse on 0800 289 845.

2.2.1 Safety

Comply with the Health and Safety at Work Act 2015 (HSWA), and with all relevant Health and Safety at Work Regulations 2016, and with all relevant WorkSafe New Zealand (WorkSafe) Approved Codes of Practice and WorkSafe Information and Guidance, particularly those for construction and building maintenance.

2.2.2 Warranty - Product

Pro-Jack Tile System Product Warranty:
- 10 Years' Warranty for all Pro-Jack Tile System components installed - according to warranty terms and conditions.
- Provide the Pro-Jack Tile System Product Warranty on the standard warranty form.
- Commence the warranty from the date of practical completion of the contract works.

2.2.3 Warranty - Installation

Pro-Jack Tile System Installation Warranty:
- 2 Years' Warranty for workmanship - according to warranty terms and conditions.
- Provide the Installation Warranty on the standard warranty form.
- Commence the warranty from the date of practical completion of the contract works.

2.2.4 Substitutions

The Pro-Jack Tile System shall be as specified herein and on the design drawings. The substitution of the Pro-Jack Tilie System for an alternative tile support system or brand is not permitted under any circumstances.

The substitution of a specified Pro-Jack Tile System component for an alternative Pro-Jack Tile System component by the Installer shall only be permitted with the Contract Administrator's written authorisation, and shall be at no additional cost to the Principal. Should any resultant extra work and/or redesign work be required to accommodate an alternative Pro-Jack Tile System component to satisfy design, performance and compliance requirements, then the cost of these shall be borne by the Installer.
