2 Clauses

2.1 Scope

Help Note:
For technical advice and specification guidance, email Juralco at specify@juralco.co.nz, or call 0508 880 088.

2.1.1 Scope

Supply and install Juralco Fence & Gate System, as specified herein, to the locations and details shown on the design drawings, complete with all necessary components and accessories required for proper installation and performance. All aspects of this work shall comply with the NZ Building Code, related Juralco Fence & Gate System technical literature and publications (check http://www.juralco.co.nz, or email specify@juralco.co.nz, or call 0508 880 088 for the latest editions), and other relevant product manufacturers' recommendations.
No substitutions are permitted for Juralco Fence & Gate System.
For the purpose of this specification, the Fence & Gate System is referred to as 'Juralco Fence & Gate system', and all Juralco Aluminium Building Products associated technical literature and publications, including the Product Technical Statement, installation instructions and drawings, are collectively referred to as the 'Technical Literature'.
Juralco Fence & Gate System are designed for residential and commercial buildings and are suitable for Boundary Fencing, Pool Enclosure Fencing, School or kindergarten Fencing and Other Areas requiring Security and Protection Fencing in exterior situations. Juralco Fence & Gate System should not be used as a 'Balustrade' or 'Barrier' as defined in NZBC – F4/AS1http://www.building.govt.nz/building-code-compliance. If unsure of these requirements, contact should be made with Juralco on email specify@juralco.co.nz, or call 0508 880 088.

2.1.2 Extent Of Work

The following is a list and/or general description of the extent of the Juralco Fence & Gate System works, which are more specifically defined in the contract documents, required for the completion of the contract works.

SMARTSPEC

2.2 Requirements

2.2.1 Safety

Comply with the Health and Safety at Work Act 2015 (HSWA), and with all relevant Health and Safety at Work Regulations 2016, and with all relevant WorkSafe New Zealand (http://www.worksafe.govt.nz) Approved Codes of Practice and WorkSafe Information and Guidance, particularly those for construction and building maintenance.

2.2.2 Warranty

Juralco Fence & Gate System Warranty - according to the warranty terms and conditions.
- 5-year product warranty for Juralco Fence & Gate System materials and installation. 2-year warranty on working parts and NICE automation systems.
- Provide this warranty on the standard warranty form (https://www.juralco.co.nz/assets/Uploads/Juralco-Warranty-Sheet-JUN-2021.pdf)
- Commence the warranty from the date of permanent installation.
- Where specified, include a warranty for the powder coated aluminium finish - according to the warranty terms and conditions.
- Where specified, include a warranty for the anodised aluminium finish - according to the warranty terms and conditions.

Include a copy of the manufacturer's maintenance requirements with the warranty.

2.2.3 Substitutions

The Juralco Fence & Gate System shall be as specified herein and on the design drawings. The substitution of the Juralco Fence & Gate System for an alternative brand, system or product is not permitted under any circumstances.
The substitution of a specified Juralco Fence & Gate System or component for an alternative Juralco Fence & Gate System or component by the Contractor shall only be permitted with the Contract Administrator's written authorisation and shall be at no additional cost to the Principal. Should any resultant extra work and/or redesign work be required to accommodate an alternative Juralco Fence & Gate System or component to satisfy design, performance, and compliance requirements, then the cost of these shall be borne by the Contractor.

2.2.4 Samples

As required, provide samples of the specified Juralco Fence & Gate System, including where applicable Fence & Gate components, aluminium finish and colour, all as agreed, for verification by the Contract Administrator. Fabrication should not commence until approval has been gained.

2.2.5 Shop Drawings

Prior to fabrication, prepare and submit to the Contract Administrator for verification, Shop Drawings for Fence And/ Or Gate on the design drawings. Following the review of the Shop Drawings, perform a Site Check when the building/site is ready, and issue For Fabrication & Installation (FFI) Drawings, clearly identifying all inconsistencies between the FFI Drawings and Shop Drawings, for approval of the Contract Administrator.
The drawings must cover the following aspects of the design of the Fence And/ Or Gate system:
- Fully dimensioned plans and elevations, identifying all essential elements and materials, hardware,
